Loris Location

In November of 2011 our Main office in North Myrtle Beach opened its doors. In June of 2016 our director felt called to fill the need for the people of Loris and surrounding areas and rented a small space across from the hospital. In September of 2017 it became evident that the need was so great, that an entire building was needed. The office on 3505 Main Street in Loris opened its doors with three counselors utilizing this location to serve the mental health needs of Loris and surrounding areas.

Please call our main office in North Myrtle beach to schedule appointments for either location. 843-663-0770
